Department of Electronics and Communication Engineering

News Letter
(Academic Year 2020-21)

## Dhirajlal Gandhi College of **Technology**

**Chairman:** 

**Secretary:** Shri. Dhirajlal A Gandhi Smt. Archana Manojkumar

**Principal:** Dr.A.Selvaraj

## Department of Electronics and **Communication Engineering**

**HOD/ECE:** Dr.S.Venkatesh, M.E., Ph.D

Prepared by Mr. SARATH KUMAR.K AP/ECE

#### **Department of Electronics & Communication Engineering**

The objective of the ECE department is to foster the students to cultivate academic integrity with professional and social responsibility to meet the exponentially growing requirement of practical design engineers in the country and abroad. The department has highly qualified, experienced and dedicated faculty members who have a strong commitment towards providing quality engineering education with high emphasis of electronics design aspects and to bring out quality research experience to the students in order to help them excel in current competitive scenario. The mission of the department is to impart quality education to the students, an education that includes the skills of innovation, problem solving, consensus-building and those of entrepreneurship, so that they meet the challenging requirements of the global market with competence in ethical and moral reasoning.

#### Vision

To be globally recognized for providing value based engineering education and research in the field of Electronics and Communication Engineering.

#### Mission

- To impart quality education to students that includes skills of innovation, problem solving, teamwork and techno entrepreneurship.
- To craft professionals to meet the challenging requirements of global market and provide solutions to societal problems with ethical and moral reasoning.
- To establish Centre of Excellence in emerging areas in the field of Electronics and Communication Engineering.
- To undertake Collaborative work with industry to provide solutions for technical challenges.

## Knowledge transferred is Knowledge gained

# Department of Electronics and Communication

-Place for freedom of creativity and innovation

#### Webinar:

A **webinar** was conducted through the Cisco webex meeting, titled **"Communication skills for Successful Placement"** for **ECE** Department students by the resource person **Ms. Poorvaja Thyagarajan** on 19.06.2020 Friday, between 04.00 PM to 05.00 PM

#### Webinar:

**Department of ECE**, along with Alumni Cell of DGCT, organized an **online Webinar** on "**PLAN YOUR WAY AHEAD**" on 07th November, 2020 from 5.00pm to 6.00pm. Chief Guest for the program was **Mr.S.Santosh**, Founder, Santosh Selva Academy, Salem. The program was coordinated by Mr.R.Prabhakaran, Assistant Professor, Department of ECE. Final year students of all departments attended the program and gained valuable insight on goal setting, career planning and execution of the same.

#### **NPTEL COURSE:**

**The Embedded System Design** is an AICTE approved 12 week course **(Jan 2020 – APR 2020)** conducted in NPTEL, which provides a gateway to intern with TI. The course is power- packed with practical learning and hands-on modules on hardware designing that will equip with the necessary fundamentals to develop and design embedded systems for diverse applications through a multi-disciplinary and practical learning approach, thus creating own future with TI internship. To provide hands-on experience **MSP430 Micro-controller** Evaluation Kit were given to the registered candidates.

In our college, **29 students with 5 faculty members** registered this course and undergone weekly assignment and completed successfully. The course requires the students to be hands on using the **MSP430 Lunchbox kits**. Since the students registered for the MooC – Embedded Design Systems on NPTEL Platform has nominated the faculty members as the Authorized Incharge to receive the MSP430 Lunch Box Kit. Upon submitting all the requisite details **29 MSP430 Lunchbox kits were received**.

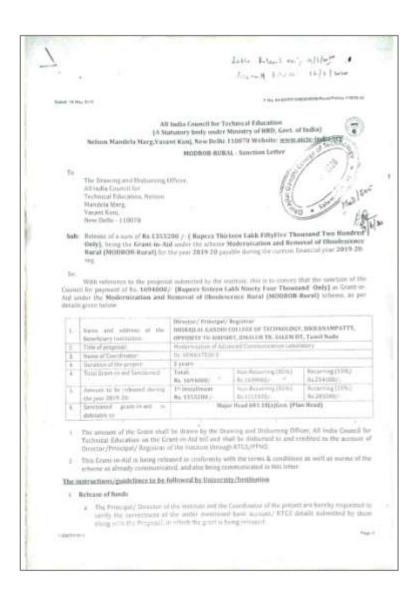

As committed by TI, they provide the shield to the Faculty in charge who has supported the students to enroll in the NPTEL -TI Embedded System Design MooC Course and in exam. Dr.S.Venkatesh, Vice-Principal & HoD/ECE and Ms.K.R.Deepa, AP/ECE received shields as an appreciation for encouraging the students' participation in the course.

#### **Grants Received:**

The Research Team of Communication & Networks under the guidance of research head **Dr.S.Venkatesh Vice-Principal & HoD/ECE** applied a proposal titled "Modernisation of Advanced Communication Laboratory" to AICTE during the Academic year 2019-20. It got approved & sanctioned on 9/6/2020 under the Modernization and Removal of obsolescence Rural (MODROB-Rural) scheme as Grant aid payment of Rs 1694000/-.
